War Rooms in Palestine While Spanish Fascists Batter San Sebastian

LONDON, Sept. 8.—Another division of 15,000 troops will be sent to Palestine and Lieutenant-General J. G. Dill will assume supreme military control in the Holy Land, the colonial office announced today. The division will bring to over 30,000 the number of troops in the British mandated territory attempting to cope with Arab disorders organized in protest against Jewish immigration and the sale of land to Jews. The disorders are now in their twenty-first week.

In a statement enumerating the steps taken by the Palestine administration for the protection of life and property which accompanied the announcement, the colonial office said the situation created was a direct challenge to the authority of the British government in Palestine.

Lieut.-General Dill, who will leave for Palestine Friday by air, has been director of military operations and intelligence at the War Office since 1934. He entered the army in 1901 and served in the Boer and Great Wars.

"Despite the extreme forbearance exercised by the authorities in Palestine, with the fall approval of His Majesty's government whose chief concern has been to restore peace between the different communities by measures which would entail the smallest possible amount of suffering and loss of life, the political situation has continued, accompanied by outbreaks, guerrilla warfare, and widespread intimidation with the object of compelling at any rate the passive co-operation of the Arab population at large."

Former M.L.A. Passes Away

SAINT JEAN DE LUZ, France, Sept. 8.—Hope of saving Sebastien San Sebastian from anarchist-set flames all but vanished tonight with the refusal of advancing rebels to grant amnesty for the defenders in return for quick surrender of the city. Jose Ortega, son of San Sebastian's governor, slipped away today and eluded the aid of a French Leftist deputy who communicated the surrender proposal to a French deputy of the Right, representing Basque rebels at Pamplona, Spain. His proposition met a flat refusal.

SAINT JEAN DE LUZ, France, Sept. 8.—Surrender of San Sebastian, northern rebel city reported today by pillaging mobs, was offered to fascist rebels today by the Basque Right.

The municipal government sent in its son, Jose, to negotiate with the Basque Right, offering in return gaining amnesty for government troops against the evening destruction of the city.

IN SECRET

His offer was made without the knowledge of Anarchists who have declared they would set fire to the Bay of Biscay City rather than let it fall into the hands of the Basque Right.

San Sebastian was reported in seething disunion among various elements of the government forces fighting in the streets between Basque Nationalists, Socialists and Anarchists caused many residents to flee.

GIROUX DIES IN HOSPITAL AT ROCHESTER

Liberal Campaign Member
For Groulx, Passed
On Monday

Dean of the Alberta legislature and stalwart of Liberalism in the province, L. A. Groulx, K.C., M.L.A. for Groulx, died at Rochester, Minn., Monday afternoon, Sept. 7, at the age of 61.

Mr. Groulx, who had been in ill-health for several months, recently underwent an operation from which he failed to rally. Saturday reports were received that he was in a critical condition.

MASSSES FRIDAY

Funeral masses will be held at St. Louis parish church at 10 a.m. tomorrow, the funeral cortege leaving the family residence, 1120 10th avenue, for the church at 9:30 a.m. Interment will be in the Catholic cemetery.

The body will lie in state at the family residence during Thursday evening.

Mr. Groulx and sister-in-law were with him when the end came. Born at West Farnham, Quebec, he was educated at Montreal College, and at the University of Laval, Quebec, and at the University of Toronto.

ROGERS SEEKS LABOR'S HELP

MONTREAL, Sept. 8.—Co-operation of organized labor with government in solving social problems and maintaining individual and political freedom in Canada was sought today by Hon. Norman Rogers, Canadian minister of labor, in a statement made at the annual convention of the Trades and Labor Congress of Canada at the opening of its annual meeting here today.

MONTREAL, Sept. 8.—Numerous resolutions expressing sympathy with the committee for industrial organization which threatens to split the American Federation of Labor were placed on the order paper of the Trades and Labor Congress of Canada at the opening of its annual meeting here today.

Dye Workers Back After Brief Strike

WINNIPEG, Sept. 8.—Employees of the Perth Dye Works, numbering 150, have returned to work after a brief strike for readjustment of working conditions. They were given back pay and a 10-cent an hour wage.

Alberta Courts Closed

An Editorial

THE courts of Alberta are now closed to the collection of interest in excess of 5% on debts of every kind and description. Absolutely no exceptions are provided for in the laws just passed at the special session of the legislature.

In view of the usurious collections of 7%, 8%, 9% and 10% made in this province, it is interesting to know just what the word "usury" really means.

John Ruskin quotes Bishop Jewel as follows: "Usury is a kind of lending of money, or of any other thing, wherein, upon covenant and bargain, we receive again the whole principal which we delivered, and somewhat more for the use of the same; as, if I lend one hundred pounds, and for it covenant to receive one hundred and five pounds, or any other sum greater than was the sum which I did lend. This is that we call usury; such a kind of bargaining as all men that ever feared God's judgment have always abhorred and condemned. It is filthy gains; and a work of darkness; it is a monster in nature; the overthrow of mighty kingdoms; the destruction of flourishing states; the decay of wealthy cities; the plagues of the world, and the miseries of the people. It is theft; it is the murdering of our brethren; it is the curse of God, and the curse of the people."

John Ruskin's own view, written in 1576, is even more clearly stated:

"The moment our capital is 'increased,' by having lent it, be it but in the estimation of a hair, that hair's breadth of increase is usury, just as much as stealing a farthing is theft, no less than stealing a million."

But usury is worse than theft, insofar as it is obtained either by the lender or by the borrower, generally by both; and finally by depriving the user himself, who comes to think that usury is a real increase, and that money can grow of money; whereas all usury is increase to one person only by decrease to another; and every gain of calculated increment to the rich, is balanced by its mathematical equivalent of decrement to the poor."

The issuing of currency and the setting of interest rates are sovereign rights which the Parliament of Canada permitted organized finance to usurp, with such disastrous results to all with the exception of the privileged classes operating and using these sovereign rights for private profit.

WEATHER HAS DELAYED HUNT FOR AVIATORS

Seven Search Planes Are
Grounded at Reliance
Base for Six Days

Loosing previous time in the search for the two Royal Canadian Air Force men, who have been missing in the north of Fort Reliance for 23 days, seven search planes have been grounded at Reliance base of the search, for six days.

Weathering clouds, mist and rain have kept six air force planes grounded in the little bay where they have their headquarters. The search for the two aviators who returned from the post this week.

WEATHER CLEARING

A radio report from Fort Resolution on Tuesday, however, said that weather was much clearer today at that point, it was expected that skies in the Reliance area would be clearing shortly.

Having found sufficient gasoline to carry the searchers for some time, Pilot Stan MacMillan of MacKenzie Air Service was reported aboard an expedition on Tuesday.

STILL CONFIDENT

Airmen are still confident that they will locate the missing man, although it is feared they may be suffering from hunger. Delay due to weather has been the only obstacle but there are many sections on the way.

Flight Lieutenant S. W. Coleman and Aircraftman J. Fort, the two missing men, left Beaver Lake, the Black River country, on August 27, on a mission to find a fishing hole, but with no rifle.

MARRIAGE SET FOR JULIANA

THE HAGUE, Sept. 8.—The engagement of Princess Juliana, here to the throne of the Netherlands, and Prince Bernhard of Germany was announced officially today.

The ceremony will not be set for the date for the marriage of Juliana, who was 21 last April, and Prince Bernhard, who is 28.

ALBERTA'S PREMIER EVERY PROBLEM BE FULFILLED, HE ASSURES FOLLOWERS

PARISTO VOTE HUGE SUM IN PERIL OF WAR

Nearly Thousand Million
Will Be Spent on De-
fence Forces

PARIS, Sept. 8.—Informed sources said today the French government would spend an extra 14,000,000 francs (182,000,000) on its army in the next four years in the face of what the French cabinet termed "war danger."

The cabinet earlier had announced \$720,000,000 would be spent on all three branches of the French army in 1937. This they called "the first adjustment."

Problems of the cabinet were intensified by a one-hour demonstration of workers who went to protest against France's embargo on the shipment of munitions to Spain.

PROTEST STRIKE
Of 25,000 metal workers employed in 2,500 factories, the ministry of the interior announced nearly 200,000 strikes in the protest. Workers in some factories struck for an extra hour.

Concern for developments on France's eastern and southern frontiers was reflected in three events yesterday.

1.—A popular front cabinet of Prime Minister Blum drafted a new national defence bill, providing an initial military budget for 1937 of 4,000,000,000 francs (about \$275,000,000) and a 1938 budget of 4,500,000,000 francs (about \$300,000,000).

2.—The cabinet announced it would sponsor a general convention on "limitation and control of reductions of armaments" at the fall meeting of the League of Nations in Geneva.

3.—Communists, carrying abject demands for the French government to help the Madrid government, called a "rebellion" rally in Paris in a one-hour strike and scheduled a party of leaders to begin the campaign.

SECURITY DEMANDS
The cabinet bill, supplementing the regular 1937 national defence budget of 15,000,000,000 francs (about \$880,000,000), will be submitted to parliament this autumn.

In a communique, the cabinet announced its plans for a disarmament conference and disclosed a program of military measures which the security of France requires in the present state of Europe.

The program included organization of a "specialist" corps, equipped with more "cavalry," military development of anti-tank defenses and a direct authoritative immediate expenditure of 100,000,000 francs (about \$6,500,000) for "extraordinary work" at naval bases.

U.S. Secretary Warns Powers
WASHINGTON, Sept. 8.—Warning against "present warlike tendencies" Secretary of State Cordell Hull might called upon "The thinking people of each land" to strive for new hostilities lest civilization itself be destroyed.

In an address of welcome to the secretary said past were provided on basis for judging the state of future conflicts.

"If war comes upon us," he said, "it will be fought not alone by uniformed armies and navies but by the people of the countries involved. Airplanes, poison gas and other modern lighting equipment of which we can only conjecture, would make the world a veritable inferno."

Girl's Looks Settle Baby Mixup

The strong resemblance of these four girls convinced Louise Macdonald Pittman, survivor of the maternity hospital baby mixup case that embroiled Mrs. Edna Garner Manning, Virginia Garrie, Louise Pittman and Mrs. Cecil Henley.

(2), and not the child of the Daniel Pittman of Atlanta, who had reared her. Now the claims of girls pictured with her as sisters. Left to right are Mrs. Edna Garner Manning, Virginia Garrie, Louise Pittman and Mrs. Cecil Henley.

Fieri Fragments As Big As Earth Projected Into Space During Sun Storms

By HOWARD W. BLANKSLEE
Associated Press Science Editor
CAMBRIDGE, Mass., Sept. 8.—Thunderstorms of fire on the sun and "human candle" discharges of fiery bolts to the edge of the earth, it is estimated, are projected into space during sun storms.

"Many places are reporting sun spots," says the National Weather Service, "but we can't keep the registration books open indefinitely."

The Premier declared that registrations for receipt of the Social Security Act will be still pouring in. "There is still no doubt," he said, "that the act is still being received."

SASKATCHEWAN DROUGHT PLANS ARE COMPLETED

Stock Will Be Removed
Free of Freight to East
Farms

OTTAWA, Sept. 8.—Agreement has been reached between the Dominion and Saskatchewan governments to assist the province in handling the drought situation. Mr. George Spence, Saskatchewan minister of public works, announced here last night.

Mr. Spence has been in Ottawa since August 17, when a delegation placed before the government information regarding the serious nature of the drought. He has been in constant touch with the provincial and labor department officials.

Mr. Spence said, provides for removal of stock to feeding areas, free of freight to the owner if the cattle are to be returned in the spring, and removal of grain from the province to be turned into tankage or otherwise.

In both cases, arrangements for the governments and the railways have been made. The federal government, the provincial government, and the railway concerned each pay a third.

CHATHAM, Ont., Sept. 8.—About 50 Kent county farmers are expected to go to Western Canada this autumn to look for better prospects. Plans to move feeder cattle to the west have been agreed upon. 10,000 of these cattle will be brought to Kent, it is believed.

FUTURE BRIGHT, ROGERS AVERS
KINGSTON, Ont., Sept. 8.—Canada has a healthy future, Hon. Norman McLeod Rogers, Dominion minister of labor, assured Kingston Trades and Labor Council members at a Labor day picnic.

"I believe the world is over and the very soon there will be bright er days for Canada, and also for Kingston," he said. "I asked the world to realize that we have more for a forecast on the business outlook than the world's economic outlook."

The report showed the past 12 months had been the best in the world's history. He said he was sure to reach out our work for all who desire it. But I feel you will agree that the world has been a marked improvement during the past year."

Cadomin Notable Will Reside Here
Special to The Bulletin
CADOMIN, Sept. 8.—A presentation was held in the Vester Hall in house of Jack Morgan, one of the leading citizens and old timers of the district on Friday evening.

Mr. Morgan is an Imperial veteran having seen service in India, the Boer War and World War. He travelled extensively and was a noted character among the mining towns of western Canada.

Mr. Morgan is a keen interest in the affairs of the Community, and was president of Cadomin Mines Union for a long period and also president of the Cadomin Good Roads Association.

Heavy Money
Interested in
House Loans

WASHINGTON, Sept. 8.—Attracted by good interest rates guaranteed by the government, private capital is investing hundreds of millions of dollars in housing loans, the Federal housing administration reported Monday.

Banks and other privately owned financial centers have taken over \$30,000,000 in housing loans in the last two years, the administration said.

The loans were made by the Housing Administration on new home loans and for rehabilitation of old homes. Banks and other financial institutions are taking over the loans as guaranteed by the government.

Members of the private capital have taken over 1,000,000 dollars of which \$17,300,000 is in private capital. These loans, averaging \$35,000 each, total \$22,121,000.

A BEDTIME STORY

Story by HAL COCHRANE Pictures by GEORGE SCARBO

"It's the captain of one side in our snow fight," says Duncy. "I'll take brave Copy, with me, and fair Duncy can come too." "The other three can fight against us. Oh, we will have a merry fun, I'll bet we will be covered all over with snow, before we're through." "Well, you will that that is certain, too. For you're going to be up."

Then came the battle. Every-

bad," laughed Copy. "But, let's keep on working until the forts are done." "There still is plenty work to do, and part of it is up to us. 'Twill take but just a little while, and then we'll start our fun." "So they kept working for a while and then Copy, with a smile, exclaimed: "There's nothing more to do. Each Tiny take his place." "The Bokoins led on yell go. Then snowballs will start to throw. I hope you lads are careful, and don't smother me in the face." "You'll have to take that chance, I guess," said Windy. "It will be a bad."

(Duncy steps into peril in the next story.)
